BOUTIN/CSI/McCONE (MOVE TO BLDG. 213)

190263

19 FEB 1963

Honorable Bernard L. Boutin  
Administrator  
General Services Administration  
Washington 25, D. C.

Dear Mr. Boutin:

I am pleased that elements of the Central Intelligence Agency were able to move into Building 213 at the Washington Navy Yard on schedule beginning 1 January 1963. As you know, construction was originally scheduled for completion in August 1963 but in the national interest this date was advanced to 31 December 1962, a difficult deadline to meet.

This installation is of great importance to the national security, and the substantially improved capabilities provided at Building 213 are due in large measure to the attention which the General Services Administration and the Public Buildings Service gave to expediting the design and construction of the building.

I deeply appreciate the splendid cooperation and outstanding performance of your organization in this common effort to provide a vital facility.

Sincerely,

(Signed) JOHN A. McCONE

John A. McCone  
Director
